

# Kindergarten and School – United Under One Roof

INTERNATIONAL  
**CAMPUS**  
**VIENNA**

**EXPERIENCE EDUCATION  
IN A NEW WAY**

A unique  
educational campus:  
**KINDERGARTEN**  
**& SCHOOL**

**Enroll now!**

**INTERNATIONAL CAMPUS VIENNA** is a unique, forward-thinking educational campus in Vienna that unites all age groups between 1 and 14 years old in one location. It offers children and young people optimal conditions for successful learning.

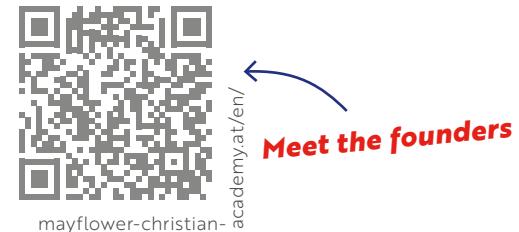

Here you will find everything a young person needs for a promising educational career. The campus offers a continuous, **interconnected, and seamless educational concept** that builds upon itself, promotes individual strengths, and addresses weaknesses. This guarantees continuous and individualized **education tailored to your child's talents** and needs. It is very important to us to empower **new generations for a successful life**. We achieve this through an education based on the Christian faith, in which faith and learning form a single unit.

The children experience their **relationship with God as something natural and enriching**. You can rest assured that your child will be accompanied by a dedicated and **qualified team** throughout their entire education. A trust-based **educational partnership**, healthy nutrition, and plenty of exercise are important to us. Our team pursues a common goal with great passion and experience: to offer your child an **excellent education** and prepare them fully for life – with all its ups and downs.

**The ICV consists of the Noah's Ark Kindergarten and the Mayflower Christian Academy, a confessional private school.**

These two educational institutions have over 25 years of experience and are united under the umbrella of INTERNATIONAL CAMPUS VIENNA.

members of

Kindergarten and school are **ErasmusPlus accredited**

\* Upper school (Gymnasium upper cycle) based on the AHS curriculum in planning

**Christian education makes  
young people strong for life.**

# Noah's Ark Kindergarten

## Noah's Ark International Private Kindergarten

is a bilingual institution with 105 places, where children from around 30 countries are lovingly cared for. Five groups with about 25 educational staff members ensure a warm atmosphere.

Our focus areas – **Christian education, multilingualism, and targeted school preparation** – form the foundation of our educational concept. We combine the latest findings with over 25 years of experience.

Our Christian orientation is at the heart of what we do: children learn about God's values and develop a stable character. Continuous care in German and English strengthens their language skills. Our concept for school preparation and the cooperation between Arche Noah and MCA create a smooth transition between kindergarten and school.

We offer a wide range of activities – from concentrated work to free play and relaxation periods. Spacious rooms and a vast garden invite children to explore. Since **September 2025**, we have expanded our services: new spots for **inclusive education**, where specially trained

teachers support children with **special needs**.

Created by God – Loved by us.

The Noah's Ark Kindergarten is a place where your child will experience security, encouragement, and joy – from a gentle settling-in period to a successful transition to school.

 **International:** Children from 30 countries

 **Competent and warm team:** serving two toddler groups and three kindergarten groups

 **Christian values:** guidance, character building, and heart formation

 **Multilingualism:** German and English are embedded in everyday life

 **Gentle transition to school:** our own concepts and close cooperation with our school

 **Spacious rooms and garden:** over 2,500 m<sup>2</sup> of lawn for playing, discovering, and relaxing

 **Inclusion programs since 2025:** individual support from a special education teacher

# Security – joy – school preparation

# **Mayflower Christian Academy, Primary Level**

Learning together, easing transitions, and laying a valuable foundation for life.

**MCA Primary Level** is the ideal continuation after Noah's Ark Kindergarten and is also well suited for children from other domestic and foreign educational institutions. We accompany students from Pre-school to 4<sup>th</sup> grade – newcomers are welcome at any time! As a state-recognized private school of the Free Churches in Austria (freikirchen.at) with public law status, we offer a solid academic foundation. The basis is the **Austrian elementary school curriculum**, which we expand with special emphases:

**Christian education, intensive English lessons, lively project-based learning, methodological competence, and active student participation.**

We are convinced that Christian-based education makes children strong – in learning, in life, and in faith. We enthusiastically accompany them as they discover and develop their talents and experience the world as God's great gift.

## **Multi-level Classes (MSK)**

From pre-school to 4<sup>th</sup> grade, usually five children per year learn together, accompanied

by two teachers, in mixed-age groups. This form of learning creates valuable experiences, especially since many children today grow up without siblings. The advantages:

- Students with learning difficulties experience success when they help younger children.
- Strengthening independence and personal responsibility
- Learning at your own pace
- Individual support through team teaching
- Playful, sensory, and practical learning

This creates a lively, holistic learning environment that combines knowledge, social skills, and the joy of discovery.

## **Language Support and German as a Second Language (DaZ)**

No matter what their language skills are, every child will find the right start with us. Individual support in small groups is provided by our experienced team in German and English. Other languages can be offered as optional exercises.

Starting school is a special experience for children and parents. That is why we rely on

close cooperation with you – only together can we provide your child with the best possible support. We meet each child where they are, accompany them lovingly, and help them develop their God-given talents. This creates

joy in learning – for your child, for you as parents, and for our entire school community.

**Visit us and get to know MCA personally on our campus!**

## ***Joy of learning – community – future***

# Mayflower Christian Academy, Secondary School

**Academic skills build a career–social skills build a lifetime.**

Our secondary school for 10-to-14-year-olds combines a **solid general education based on the AHS curriculum** with a **Christian perspective** and an **international environment**. In a family atmosphere, young people are encouraged to develop their talents and take responsibility – for themselves, their fellow human beings, and the world.

## Language Diversity & international Exchange

German, English, French, Latin, Romanian, and Spanish (as an optional subject) form the linguistic focus of our school. Through our accreditation with **ErasmusPlus** and our **international partner schools**, we enable exciting trips abroad and **intercultural experiences** every year. This allows our students to expand not only their language skills but also their horizons.

## Individual Support & Modern Learning

Our well-trained and highly motivated teachers see each student as an individual.

With **methodology training, presentation techniques, encouragement** of self-directed learning, and creative collaboration, we lay the foundation for **sustainable learning success**.

## Participation & Responsibility

Students actively participate in shaping **school life**. They help with open house events, contribute to management meetings, and participate in the buddy system for younger classes. This commitment strengthens self-confidence and community spirit.

## Looking to the Future

During career orientation weeks and projects with international partners, our students gain valuable experience for their personal and professional future.

Our school is a place where knowledge, faith, and community go hand in hand – and where children grow up to become strong, responsible young people.

# *Learning to learn – examining faith – taking responsibility*

# Kindergarten Registration Process

## ● Step 1: Initial Contact

Contact the kindergarten management by phone or email to arrange an appointment for a tour.

## ● Step 2: Visit to the Kindergarten

Take a tour of the premises.  
Find out about our educational work.  
Pick up the documents to register your child.

## ● Step 3: Pay Fees

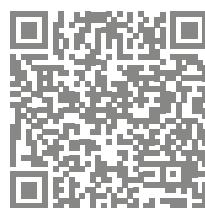

Pay the registration fee, deposit, and gym shirt.

## ● Step 4: Fill out Documents

Fill out all the documents required for registration.

## ● Step 5: Receive Information

Receive information about the date and time for the start of the settling-in period.

# School Registration Process

## ● **Step 1: Initial Contact**

Register via our website for an appointment for an open house or an individual appointment (using the online form).

## ● **Step 2: Open House**

Get an impression of our school at an open house in October, November, January, or May.

## ● **Step 3: Pre-registration**

Fill out the corresponding online form (which will be sent to you by the school office) and upload ALL required documents.

Pay the pre-registration fee (which will be credited toward the final registration fee).

Then make an appointment for the next step.

## ● **Step 4: Getting to Know Each Other**

Your child will get an impression of our school and we can get to know them during an appointment for the school readiness test (first graders) or a "taster day" (school transfer). After an internal evaluation process, we will invite you to a final meeting with our school management to discuss the decision on admission with you.

## ● **Step 5: School Registration**

Fill out the appropriate online form (will be sent to you by the school office). Upload ALL required documents. Pay the registration fees specified in the form.

**Click here  
to register**
